## Pinot Noir

### Vin de France Terra Vitis

France – Languedoc.

100% Pinot Noir. Only in stainless steel tanks in order to retain the freshness and expressiveness of the fruit. Grapes grown on soils deliberately chosen to be different and complementary (clay, silt, with subsoils of limestone, red clay and limestone fragments). The climate of this region gives the grapes the sunshine and warmth they need to ripen properly.

Intense youthful red colour.

Notes of red fruit such as the cherry and raspberry, and black fruit with blackcurrant.

Structured with fine tannins and red fruit aromas carrying through to the finish. The finish is tasty, marked by cherry pit and spices, and then that bewitching earthy taste.

16°C.

Cheeses, duck breast, roasted red meats.

Bottle size : 750 ml / 250 ml
