Cabernet-Sauvignon

Vin de France

France - Languedoc (Hérault)

100% Cabernet-Sauvignon. We select the grapes from vines cultivated on slopes on gravelly marly soil with limestone chips, the source of the wines' power and backbone. Exclusively matured in stainless steel tanks to express all the freshness and character of the fruit.

Intense ruby red color.

Expressive nose of resin with a hint of black cherries.

A tannic structure, really representative of Cabernet-Sauvignon. Notes of wood accompany the wine throughout the tasting.

13°

Perfect with grilled meats or cheeses.

Pack size : 12 x 750 ml
